Substitute fonts

Peter Schmidt Group for Deutsche Bank, 02.06.2024

Deutsche Bank typefont

- The new Deutsche Bank typefont is available for Latin extended, Greek and Cyrillic (end of July 2024)
- Substitute fonts must be defined for other language areas
- For the substitute fonts we have focused on selecting fonts that are a) aesthetically pleasing and b) available in a range of weights
- That should make it easier to translate the new design into other language systems
